

February 10, 2009

Dear Parents:

Welcome to the process of Fall 2009 Re-registration!

I want to begin this note with a “thanks” to the school community for my very smooth transition from retirement to Interim Head of School for Holy Cross. We have a team with the expertise to move the school ahead, develop the processes needed to sustain what works well here, and to reach for excellence in every endeavor. The list of achievements from August to January is weighty. Enrollment has grown. The faculty has worked consistently and creatively. They will meet their goals of Terra Nova using the Diocesan Consensus Curriculum. The students are rising to meet or exceed the demands of the academic program. I am proud of the achievements.

Critical to our continued success is the timeliness of re-registration for the next year. In the past, registration was accepted later rather than early. This year, I need your cooperation. Please register now so that I can put into motion goals for the faculty, staff and School Board. Join us for another progressive and productive year.

In this packet, you will find updated information regarding re-registration, tuition, fees, and financial aid. Please note the important deadlines for all. ***I am very pleased to announce that the faculty unanimously agreed to a freeze of their salaries. This motion has enabled us to freeze the tuition for the 2009 – 2010 year, and provide 3rd student discounts to non-parish families. I am also delighted to announce a comprehensive summer camp and care program.*** Details coming soon!

Please submit your re-enrollment paperwork as soon as possible to Pat LeDonne, Director of Enrollment. We have discounted the registration fee for those received before March 31st.

Again, thank you for a wonderful year,

William S. Coursey, III
Interim Head of School
